

EE/CpE 423

Senior Design

Fall 2007

Class 4 – 9/18/07

Agenda

- Deliverables
- Time line
- Group Status
- Barry Bunin – Maritime Systems Lab & ECE Department

Format For Email Attachments

- From Class 2 slides:

**The attached file name must indicate:
course number (423 or SD is sufficient),
group number (this will be supplied when group is formed),
due date (Monday's date), and
what the attachment is ("weekly report" or "effectiveness survey")
Failure to do so will probably result in uncredited submissions, which
might influence group's final grade**

- Some attachment names I have received:

SD_9-17-07_Group_Effectiveness.doc
Smith Week 1.doc
weekly_report_week1.doc
Group_effectiveness_survey_JoeSmith_17Sept07.doc
Group_effectiveness_survey.doc
20070915_weekly_report_ee.doc

Format For Email Attachments

- From Class 2 slides:

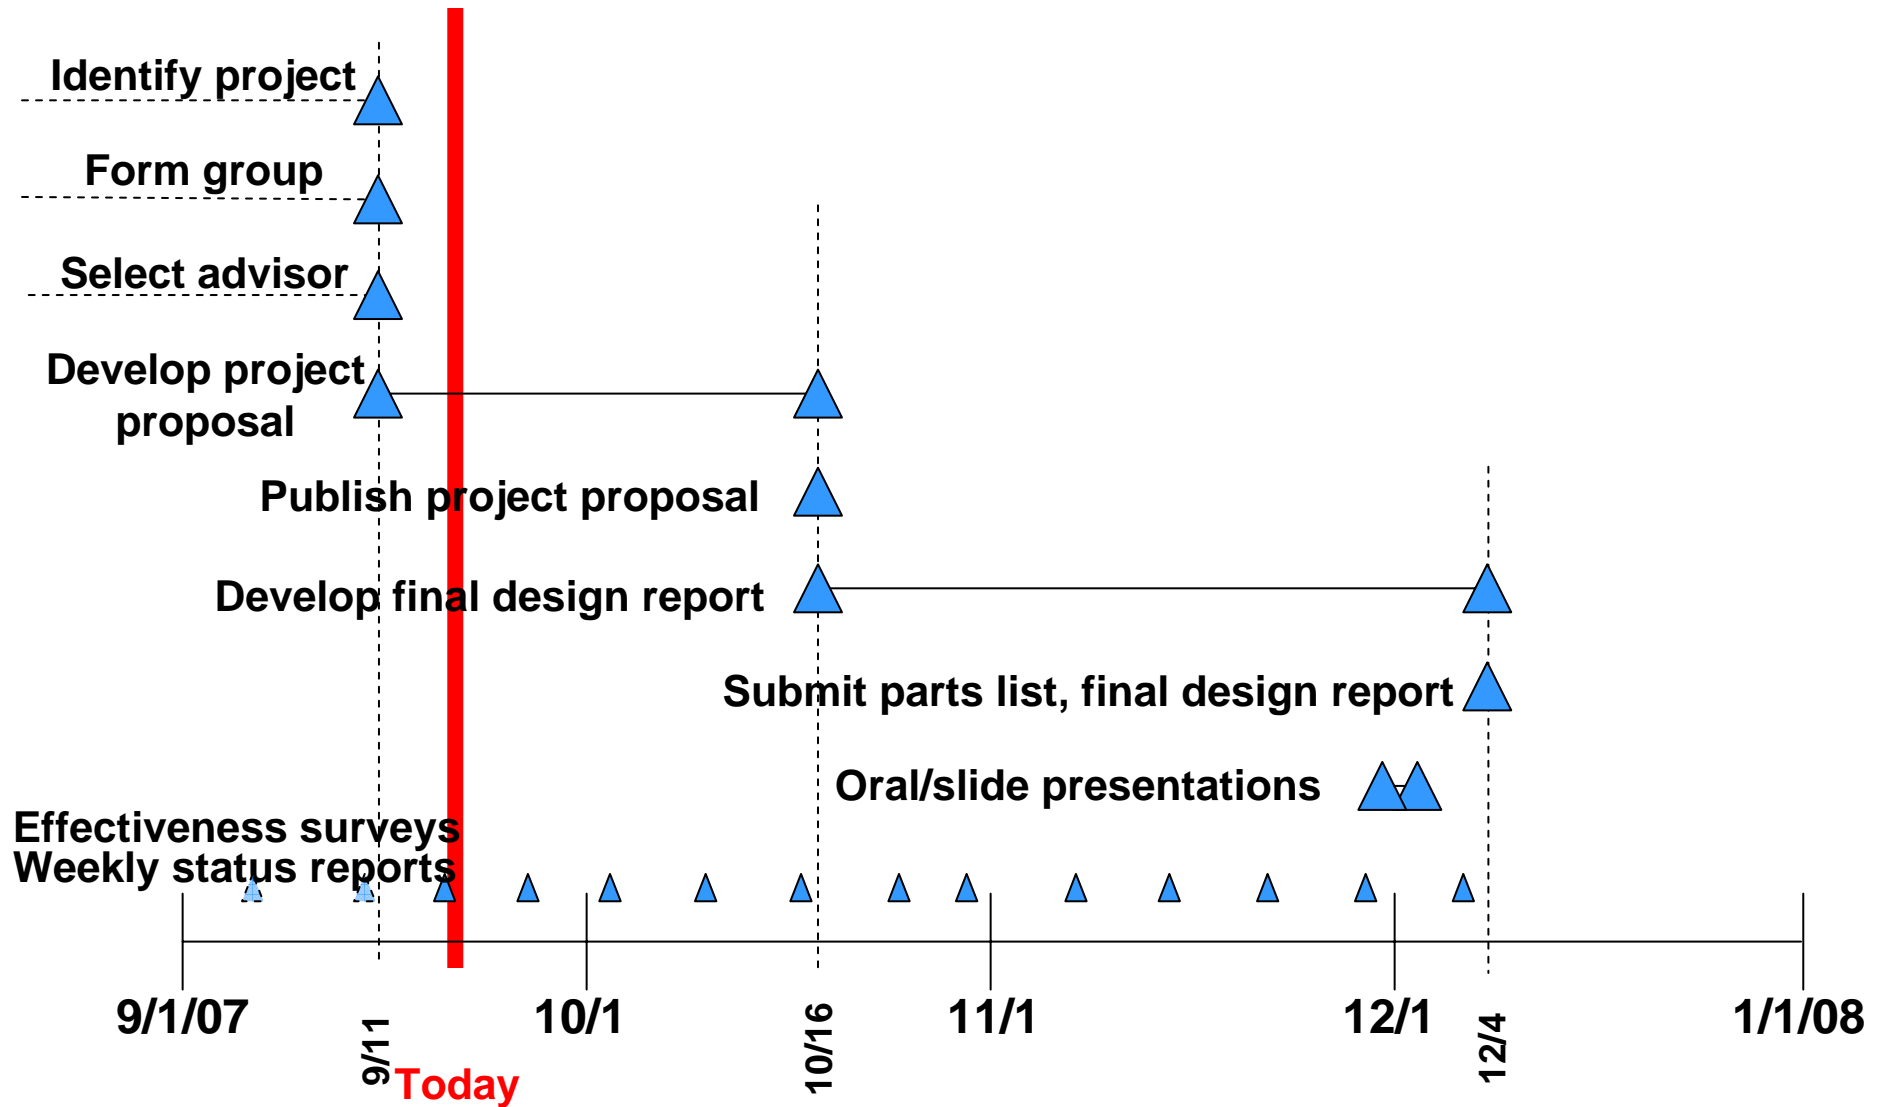

**The attached file name must indicate:
course number (423 or SD is sufficient),
group number (this will be supplied when group is formed),
due date (Monday's date), and
what the attachment is ("weekly report" or "effectiveness survey")
Failure to do so will probably result in uncredited submissions, which
might influence group's final grade**

- Some attachment names I have received:

SD_9-17-07_Group_Effectiveness.doc
Smith Week 1.doc
weekly_report_week1.doc
Group_effectiveness_survey_JoeSmith_17Sept07.doc
Group_effectiveness_survey.doc
20070915_weekly_report_ee.doc

If Mary Schurgot doesn't receive a copy of your submission, the probability of your receiving credit for it is approximately 0.0

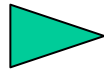

Senior Design Tasks – Fall '07

Project Status

As of 11am September 18:

- 11 groups have formed (expect ~8 more)
- 40 students are in groups (30 more to form groups)

Still More Project Ideas

- Digital Radiography Detector (sponsored by '04 graduate's family company)
- Wireless Heart Monitoring (Biomed)
- Video/Audio Monitor for Baby Crib (BizTech)
- Traffic Light Monitor and Control (BizTech)
